

You see stuff, we see opportunity.

Join the online hub where giving meets needs.

Donate items through
DonorsResource.org and help a
nonprofit fulfill its mission and better
serve our community.

How we support donors & nonprofits

Donors

Visit DonorsResource.org and post a donation at no charge.

The system automatically matches your donation to a nonprofit that needs the item. You can also search for a specific nonprofit by name, zip code, cause served or items needed. A nonprofit will claim your item and contact you to arrange pick-up or drop-off.

Donors can also create an optional account to update, delete and manage donation history, which will help with tax-deductible items.

Nonprofits

Membership in DonorsResource.org's NPO Directory is open to any 501 (c)(3) organization.

At no charge, create a profile for your NPO that includes your top three most needed items, which can be changed at any time.

Your listing allows the system to send you emails when a donor posts items that match a top need. You can also search the entire contents of the virtual warehouse to find and "claim" other items that are posted.
